“... With this component system, Magnat presents a convincing general concept focusing on true enjoyment. In terms of optics, haptics and acoustics. Thus, this hifi combination from the Rhineland goes far beyond the sum of its parts.” This is how ‘av-magazin.de’ has described our Magnat Humidor & MR780/MCD750 combo in its test report.

“... Enjoying music from this system makes you leave behind all hustle and bustle.”

“... However the whole chain never glosses things over, but always demonstrates an honest character.”

Summing up:

„With this audio chain, Magnat succeeded in combining three hifi components into a complete entity full of sound. This set, comprising Humidor speakers, a CD player and an amplifier, performs as a whole and boasts harmonious sound tuning, finest detail reproduction and versatile application options.

This is a hifi system that perfectly unites classic and modern elements.“
