Stereoplay 04/2019.

Conclusion:

„Purist direct drive system for those wishing to upgrade – the MTT 990 has enabled Magnat to make a perfect entry into the record player market: Although this very classy device is reduced to the essentials, it has been designed with great care in all the important places. Ambitious vinyl newbies can rely on the fully adjusted complete system without any concerns, while it still offers experts sufficient potential for upgrades. Superior, powerful and robust, that’s how a turntable should sound!“
