

### TO SUM UP:

...The Magnasphere 55 set has proved to be a fully matured, respectably developed, ready to be played immediately and thoroughly practical audio system. These active floor-standing speakers along with the small transmitter/connector unit fully replace a conventional stereo system and thanks to their high operational safety they help overcoming any reservations about wireless systems. And as on top the Magnasphere 55 come with the unquestionable Magnat expertise in developing soundwise excellent loudspeakers, i-fidelity.net cannot but call them: »Highlight!«
