

"... The Magnat speakers create a friendly atmosphere and catch the beauty of the music. Calm, relaxed and just pleasant to listen to. Every now and then, the Multi Monitor 220 also show their groove beneath their skin."

"... Dynamic, powerful and agile, this is how the performance can be described in a few words."

"... Just very good characteristics, if you are looking for a space-saving setup that offers the most natural sound reproduction and boasts its assets in all genres of music. There is a good reason why these speakers are named "Multi Monitor"..."

**Conclusion:**

"Multi-functional and very potent in all aspects, the Magnat Multi Monitor 220 presents itself as a versatile and high-quality active stereo system. Despite the wide scope of application, the focus is clearly on quality and not on mere quantity: the compact speakers offer an excellent price-performance ratio. And this is the perfect combination for all those who appreciate traditional hifi solutions and love turntables, but are open for modern types of music experience, too."
