

Lab and Use:

“In HiFi Test’s laboratory the RV 4 presented itself from its good side and delivered first class results...”

Test Result:

“With its new integrated amplifier RV4, Magnat succeeded in perfectly combining traditional values with most modern technology. Its beautifully sounding tube pre-amp inclusive of a phono pre-amp perfectly harmonizes with the high-performance transistor power section.

On top of digital inputs for HiRes audio the RV4 also comes with an aptX Bluetooth module which makes it perfectly suited for modern music streaming. The Magnat RV4 is meticulously finished and what’s more it also looks very stylish thanks to its distinctive design. Magnat RV4 – a real highlight for discerning music lovers.“
