SENSATIONAL BARGAIN FOR HI-RES AND HOME CINEMA ENTHUSIASTS

“[...] The Magnat Signature 505 proves that it is possible to design loudspeakers that produce enchanting sound for less than 500 euro.

Conclusion:

“With the Signature 505, Magnat has made a real hit in the under-500 euro class. This speaker produces precise, full sound at any volume. The 505s never run out of steam - not with quiet tones or in a party atmosphere. The finish of the just 93 centimetre high speaker is excellent and flatters the eye. I really liked the sound in all genres - from classical to blues and metal. If you are looking for a real all-rounder at an attractive price, the Signature 505 from Magnat is ideally equipped for all occasions.”
