SIGNATURE 703 – HIGH QUALITY SPEAKERS FOR EVERY TASTE

„[...] The Signature 703 series is enthralling in all sound ranges with an agile approach and subtle temperament. This has an extremely positive effect on pop, rock and rap tracks. The fat bass drums used by Dr. Dre, for example, are not only made to sound powerful, but they remain controlled and clean at all times.“

„[...] Thanks to the Hi-Res certified tweeter duo, the Signature 703 sounds incredibly rich and detailed.“

Conclusion:

„The Signature 703 from Magnat is an excellent speaker that boasts high quality technology and a superb selection of materials. The compact audio unit offers a superior sound and build quality, which guarantees rousing music enjoyment and harmonious integration in a living room environment.“
